

FLAGLER CORPORATION

FLAGLER MODEL 20 GAUGE POWER FLANGER

Turns a 7/32" High Flange on 20 Gauge Galvanized

The Flagler 20 Gauge Stand Alone Power allows shops to free up their flanging attachment on their Pittsburgh machine. Easy to operate, the machine places a 7/32" high flange on either straight or curved pieces of sheet metal up to 20ga. Powered by a 1/2 H.P. motor.
