Simplicity Quality Efficiency

What is Hero FabriDuct™?

Hero FabriDuct™ is an aesthetically pleasing, quiet, draft-free alternative to traditional exposed metal ductwork utilizing a variety of fabric options.

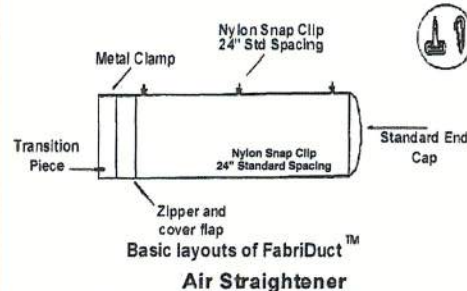

Our durable fabric is lightweight and easy to install, resulting in substantial savings over metal ductwork. Custom logos may be imprinted.

Hero FabriDuct™ is woven polyester cloth ductwork which displaces air along the entire length of the duct through various fabrics and/or linear vented slots. The flexibility of Hero FabriDuct™ makes it ideal for those hard-to-reach and tight spaces. Its light weight means a lighter roof load and little or no need for heavy equipment in the installation process.

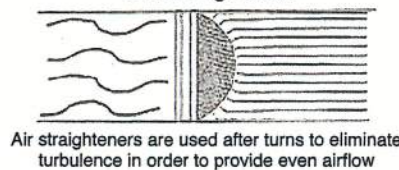

Benefits of Hero FabriDuct™

- ◆ Substantial savings over metal
- ◆ Your choice of 25 standard colors
- ◆ Multiple fabrics to choose from
- ◆ Fire-rated polyester materials meeting all building codes and requirements for added peace of mind
- ◆ Little or no production down-time during installation and cleaning
- ◆ Can be used for heating and/or cooling in conditioned spaces

Hero FabriDuct™ Air Dispersion

Air Straightener

Air straighteners are used after turns to eliminate turbulence in order to provide even airflow

Hero FabriDuct™ meets the following Code Requirements:

ASTM E-84 Surface Burning Characteristics of Building Materials (Comparable to UL 723)

- NFPA 90A-1993, Installation of Air Conditioning and Ventilation Systems
- NFPA 90B-1993, Warm Air Heating and Air Conditioning Systems
- NFPA 255, Standard Method of Test of Surface Burning Characteristics of Building Materials (ref: NFPA 255-C.2.3.2)

BIRMINGHAM

700 Republic Street
Birmingham, AL 35214
Toll: (888) 757-4242
