

# **EcoPad™ Black Plastic Equipment Pads**

Black pad of post-consumer recycled materials. Durable and yet lightweight for standard industry applications.

- 98% recycled materials
- Unaffected by UV or weather
- Individually engineered ribbing for optimum self-levelling ground support
- Tested per ASTM D2299 with refrigerants, synthetic canine urine, compressor oil or salt solution of 20% by volume
- Drillable for securing unit

## **2" EcoPad™**

The 2" thick EcoPad™ is the choice for plastic pads, unless a thicker pad (3") is required by the local building code.

## **3" EcoPad™**

Used where local codes supersede the International code and require a pad thicker than 2".
