

# **E Lite® Plastic Equipment Pads**

DiversiTech's most popular pad due to its rugged durability, strength, and clean looks.

- Post-consumer recycled polypropylene for lightweight yet more durable heft that is unaffected by UV or weather
- Generous individually engineered ribbing for optimum self-levelling ground support
- Drillable for securing unit
- Does not crack, flake, or warp when tested per ASTM D2299 with refrigerants, synthetic canine urine, compressor oil or salt solution (of 20% by volume)

## **2" E Lite® Plastic Equipment Pads**

The 2" thick E Lite® pad is the choice for plastic pads, unless a thicker pad (3") is required by the local building code.

## **3" E Lite® Plastic Equipment Pads**

Used where local codes supersede the International code and require a pad thicker than 2".
