

# EZ Connector<sup>®</sup>

**DURO**  
**DYNE**  
DYNOMATE<sup>®</sup>

- One step process
- Saves up to 50%+ in installation time & costs in duct joint assembly work
- Patented corner with locking “teardrop” hole and patented bolt with built-in washer
- Self-piloting screw tip easily aligns the corners, without additional tools
- No washers or nuts needed!

Patent Pending and Patent Nos  
5,342,100; 6,810,570; and 8,172,280

System Components

## EZ Connector TDC®/TDF® Corners

These precision engineered and stamped TDC and TDF corners can be used in automated corner crimping machines with traditional Cornermatic® Classic, Cornermatic® Combo, and the revolutionary Cornermatic® Plus™.

- EZ Corners feature a patented “teardrop” shaped hole that locks the bolt in place eliminating the need for a nut
- Saves 50% labor in the field
- Also appropriate for manual insertion

## EZ Connector Bolts

This patented bolt is specifically designed for use with EZ TDC/TDF corners. It acts as an alignment tool and a locking nut during installation when used with the teardrop EZ Corner.

- Replaces 3/8” carriage bolt, washer and nut at the four corner connections
- Washer built into “extra high” EZ drive head
- Eliminates use of drift-pin and clamps for corner alignment
- Spin-out feature prevents over-torquing and reduces damage to gaskets (leakage at corner reduced)
- 1-1/2” long version available for larger ductwork, heavier gauge, unique location, special fitting applications
- 1” bolts available for faster assembly of smaller ductwork

## Swivel Impact Nut Driver

The one-piece Swivel Impact Nut Driver features a built in magnet that keeps the EZ Connector Bolts securely in place during assembly. The head swivels for added flexibility into tight spaces. Sold separately.

*The teardrop shaped cut out of the corner with the proprietary bolt pull the connection together and lock it in place without the use of a nut, using a convenient cordless impact driver. Pictured above is the TDF® EZ Corner & 1" bolt.*

*Self-piloting screw tip of the bolt self-aligns the corners and ductwork, eliminating the need for an alignment tool and clamping. 1-1/2" bolt shown.*

Ordering Information			
Item #	Code	Description	Qty/Box
13078	EZCS	Stackable TDC® EZ® Corner	250
13079	EZFS	Stackable TDF® EZ® Corner	250
13080	EZCSV	Sleeved TDC® EZ® Corner	320
13081	EZFSV	Sleeved TDF® EZ® Corner	320
13070	EZB100B	EZ® Bolt 1 in Only Bulk	1000
13071	EZB100	EZ® Bolt 1 in Only Bagged	125
13073	EZB112B	EZ® Bolt 1-1/2 in Only Bulk	500
13074	EZB112	EZ® Bolt 1-1/2 in Only Bagged	125
13077	EZS2	EZ® Swivel Impact Nut Driver	1
13086	EZTDCSMPL	Sample Pack - TDC® EZ® Corner & 1" Bolts	24/12
13087	EZTDFSMPL	Sample Pack - TDF® EZ® Corner & 1" Bolts	24/12

***EZ CONNECTOR® is a new patented corner system which for the first time, allows the contractor to make their duct joints with a super-fast, single locking bolt, using only an impact driver.***

- Saves up to 50%+ installation time & costs in duct joint assembly work
- System includes patented locking “teardrop” hole corner with patented extra high drive head bolt with built-in washer
  - Eliminates the need for drift pins and clamping of duct sections
- Allows installer to use a cordless impact driver for ultra fast, single handed duct joint fastening
  - No more fumbling with time consuming washers, nuts and bolts
