Cleats

DYN-O-MATE Cleat

- DOM-CLT for use with DOMJ & DOMH 20 gauge flanges for airtight duct connections.
- DOM-CLT is manufactured from 20 gauge galvanized steel 6" pieces.
Item #	Code	Description
21250	DOM-CLT	6in. Metal Cleat 20ga

Quad Cleat

- DOM-QCLT125 & HDQC-PLUS125 are compatible with Dyn-O-Mate® J, Ductmate™ 35, CL Ward™ J, Ward Industries™ J, Hardcast™ flanges, TDC, TDF and TDX Connections, and is manufactured from 22 gauge steel.
- HDQCPLUS125 is recommended for high pressure, heavy duty transverse duct.
- PQCLT is rated UL94-V0. PVC Material is compliant to ASTM D1784.

DOMQCLT
HDQC-PLUS

PQCLT

Item #	Code	Description
13096	DOMQCLT	6in Quad Cleat 22ga (1/2 box qty)
13100	QXCLT20-125	6in Quad Cleat 20ga (1/2 box qty)
13175	HDQCPLUS125	6in Heavy Duty Quad Cleat 22ga (1/2 box qty)
13108	PQCLT	6in Plastic Quad Cleat

See reverse side for TDC/TDF Cleat

Installation Recommendations
1/2" to 2"sp - 1 piece on 24"centers
2" to 3" sp - 1 piece on 18" centers
4" to 6" sp - 1 piece on 12" centers
Over 10" sp - continuous cleat

TDC/TDF Cleat

▪ For use with TDC/TDF connection.

▪ TDC-2230/TDF-2230 is 22 gauge steel formed into lengths of 30" long and divided into five 6" cleats that are partially cut through allowing them to be easily separated into 6" pieces.

Dimensions

	TDC	TDF
A	.400	.450
B	.840	.975
C	1.150	1.075

Breakaway

Item #	Code	Description
13230	TDC2230	6in. TDC (Pre-Scored Cleat)
13231	TDF2230	TDF 6in. Metal (Pre-Scored Cleat)
13233	TDC-SS30	TDC 6in Stainless Steel (Pre-Scored Cleat)

See reverse side for Dyn-O-Mate & Quad Cleats

Installation Recommendations

1/2" to 2"sp - 1 piece on 24"centers
2" to 3" sp - 1 piece on 18" centers
4" to 6" sp - 1 piece on 12" centers
Over 10" sp - continuous cleat
