

FOOT PEDAL

GENERAL DESCRIPTION

The cast aluminum foot pedal from Duro Dyne comes standard with certain models of machinery to free up the operators hands for easier material handling. It is a light, durable, cast aluminum foot pedal and features a large opening to accommodate todays steel/composite toe boots.

It can accept a maximum voltage of 250VAC and can be used universally on all our machines that accommodate a foot pedal option such as the RH series pinspotters, FG series pinspotters and Rod Lock Insertion machine. Please contact your local territory manager for more details or call us 631-249-9000.

FEATURES

- Extra Heavy Duty
- Cast aluminum
- 16 ft. cable length
- Large opening to accommodate steel/composite boots

Item #	Description
17372	Footswitch
